### News from Brazil

#### JIMMY PAGE VISITS CASA JIMMY

Jimmy Page, one of the world's leading rock guitarists and main donor of Task Brasil Trust, made his first visit to Casa Jimmy in January this year.

Staff and children felt moved by how approachable and modest Jimmy was, given that the home owes its existence to him. As he posed for photographs in front of the Casa Jimmy plaque, a large smile expressed his satisfaction with all that had been achieved with the money he has donated. Jimmy displayed sheer delight in playing with the children and returned two days later to extend his visit.

This was a long-awaited and most special event for all at Task Brasil, and one which each of us will never forget.

#### JIMMY PAGE SILK SCREEN PRINTS

Task Brasil Trust and ABC Trust are delighted to announce the sale of 300 limited edition silk-screen prints featuring the legendary guitarist Jimmy Page. All individually signed by Jimmy Page himself and international artist Sandra Lawrence, these beautiful prints are fine works of art and valuable collectors' items.

For those interested each print is selling for £500 with the proceeds being shared by both charities. Prints are selling fast and it is only a matter of time before they run out!

#### GUITAR AUCTION FOR ABC & TASK BRASIL TRUST

Legendary heavy-metal band, Iron Maiden, are to be part of a Task Brasil and ABC Trust rock auction. At a Rock in Rio press conference on 17th January, members of the highly successful British band presented Jimmy Page with a Fender Guitar, which will be auctioned in aid of the charities.

American on Line (AOL) and Arremate.com have kindly designed the bidding site on the web and the online display so as to attract the highest value possible for the guitar. Those keen on bidding can do so by visiting either <http://guitar.arremate.com.br/> or [www.rockinrio.arremate.com](http://www.rockinrio.arremate.com)

The guitar, sure to be highly sought after by fans, will be auctioned at the Rock in Rio Café [www.rockinriocafe.com.br](http://www.rockinriocafe.com.br) by the Public Auctioneer De Paula Leiloeiro [www.depaula.lel.br](http://www.depaula.lel.br)

The Rock in Rio Café have kindly agreed that the bidding for the guitar, will close as the Harley Davidson new mega rock band is launched by Warner on 14th March at the Rock in Rio in Brazil. In addition, part of the proceeds from the night will go to ABC and Task Brasil Trusts.

Nathalie Dufresne-Smith, wife of Iron Maiden guitarist Adrian Smith, visited Casa Jimmy during a trip to attend the Rock in Rio festival. Nathalie, together with Emily Cash who was also in Rio for the occasion, have been a terrific support to Task Brasil. Both organised the celebrity rock jam Scream, one of the most successful fund-raising events ever in aid of Task Brasil and ABC Trusts. It was through

Nathalie that Iron Maiden became aware of the terrible situation of the street children in Brazil and decided they could do more to help.

Rod MacSween, Jimmy's agent also paid a visit to Casa Jimmy as he was in Rio for Neil Young and other bands. Back in London a donation of US\$5,000 was made by his company, ITB Leading Music Agency and Concert Promoter.

#### TOASTS FOR CASA JIMMY

Last November, Mrs Irene Cowling, wife of the British Consul General, kindly hosted a cocktail party at her residence in Rio. Supporters and companies were invited to celebrate the work of Task Brasil and the two-year anniversary of Casa Jimmy. Capt. Roger Turner spoke about the work and progress of Task Brasil's projects. His warm words of praise informed and inspired all those attending.

As a result of the reception many companies have pledged support:

Emilio Gabrielli, President of Thames Water, agreed to assist us with extending the children's bathroom and improvements to the kitchen at Casa Jimmy to the value of R\$10,000 (approx. £3,500). We received R\$ 5,000 (approx. £1,785) from the Regional Director of Rolls Royce, Michael Boden, for the purchase of a professional washing machine and essential items to facilitate our staff's work with the children. Robert Press and Roberto Duha, General Manager of GKN Westland Helicopters, pledged R\$ 400 (approx. £150) towards the cost of a clock-in register. Other companies also attending the reception were Enterprise Oil who supplied much needed materials for Casa Jimmy, Shell who could offer technical support for training and existing supporters, Mark Sharp from Willis Coroon who gives us the best insurance deals and advice, British Airways and Maiko from Ramatis who donates monthly many necessary items for Casa Jimmy such as food, cleaning material, etc.

Finally, we were introduced to the major donor of the evening, Mr. Rob Wheeler, Vice President and Chief Executive Officer of CGU Insurance. Their donation will enable Task Brasil to purchase the plot of land next door to Casa Jimmy and pay towards Project Daiana running costs.

We would like to take this opportunity to express our immense gratitude to Mrs Irene Cowling and British Consul General, Mr Geoff Cowling, for their superb hospitality and to Capt Roger Turner. The evening enabled Task Brasil to be introduced to companies who have provided much needed financial help.

### WHO IS BEHIND THE SCENES?

Johnnie Allan from Sanctuary Music, Tour Production Manager for Iron Maiden, first introduced the artist Sandra Lawrence to the support that Jimmy Page has given to Task Brasil and ABC Trusts. Johnnie also made the donation of Iron Maiden's guitar possible and was an indispensable asset behind the scenes at SCREAM.

### NITIN SAWHNEY visits CASA JIMMY

Award winning Anglo-Indian musician, Nitin Sawhney, accompanied by Anglo-Brazilian songwriter and singer, Nina Miranda, visited Casa Jimmy to film footage for the video that is to accompany his latest album 'Prophecy'. Nitin is travelling the world with several Brazilian musicians to record material for an album based on a world vision for the future. Nitin talked to the children and filmed Task Brasil's work in order to illustrate the promise of a brighter future for Brazil's street children.

### EDUCATIONAL PROJECT

Rafael and Michael, who received a scholarship to study in the UK in 1996, have excelled academically since returning to Brazil.

Unfortunately, in the last newsletter we misinformed you in that Rafael would complete the equivalent of his A Levels in December 2000 at the Escola Futuro in São Paulo. He is in fact graduating this year. Lenice Mancini, with her great heart and dedication has once again this year sponsored the boys' enrolment fees. In our last newsletter the appeal for Michael's fees for 2001 raised £70, this was apart from confirmed sponsorship from British Airways.

**We are now hoping that Rafael's last year of education can be sponsored too. Please contact us if you can help in any way!**

### REFURBISH

Thanks to a US\$ 5,000 donation from Reuters Foundation to be used for refurbishment, Casa Jimmy had been able to resolve water

infiltration problems, the kitchen has been extended, safety nets have been placed in all windows and a new toilette/shower room for employees has been fitted. Reuters has also sponsored t-shirts for Project Daiana's staff. The dedication of Brad Hanson, Antonio Guedes and Adrian Owen, all from Reuters, has been of terrific benefit to Casa Jimmy.

On 3rd December Casa Jimmy was invited to join Reuters staff Christmas party. Our children and adolescents thoroughly enjoyed the occasion.

### NEWS FROM CASA JIMMY

On the 31st January 2001, 16 children, 3 pregnant girls and 2 mothers with their babies were being cared for at Casa Jimmy. On its second anniversary almost 200 children and adolescents and their babies have been cared for at Casa Jimmy, most of whom have been reunited with their families.

### NEW BORN BABY AT CASA JIMMY

Early in December, Eliane gave birth to Pedro Henrique. He is a very happy and healthy boy with lots hair. Eliane, who is

just sixteen years old, left her home in Irajá, one of Rio's shanty towns due to family conflicts. She lived on the streets and became involved with drug dealers working in the area. After being taken into Casa Jimmy, Eliane received pre-natal treatment and attempts have been made to acquire her birth certificate so that she can receive help. Contact has been made with family members to try and resolve the problems that caused Eliane to leave home. For now both mother and baby are happy at Casa Jimmy, Elaine is a very caring and loving mother who is learning how to create a new and better life for her baby.

### TAMIRES

We are very pleased to report that Tamires is doing really well after her heart operation. However, due to missing school, she now needs

Tamires with

help to catch up with her classes. Her brothers are also doing extremely well and are bright, intelligent boys.

### CASSIANO, 6 AND WANDERSON, 4

Since November 2000, Casa Jimmy has been housing 16 children despite having a maximum capacity for only 15 aged 1 to 6. The reason being is that Cassiano, who stayed in the house in early 2000 and subsequently returned to live with his family, was unfortunately then found back on the streets. His brother, Wanderson was also at Casa Jimmy when Cassiano was brought back into our care. Although the family have a very strong bond with the boys they have not managed to survive away from the streets.

Unsuccessful reintegration is one of the rare situations in which Casa Jimmy will care for children over its capacity.

Cassiano and Alexandre

### PARTY TIME

Some wonderful events, including parties and visits from Father Christmas, took place for the children at Casa Jimmy during the 2000/2001 festive season. These were organised by existing and new volunteers; in particular Maiko, of Ramatis, and his group of volunteers, who are always ready to help Task Brasil.

Casa Jimmy was thrilled to receive the various party organisers: Fatima, Eliana, Julio Cesar, Cae and Marcia, Patricia, Ana Paula, Marisa, Carla, members of Escola de Magistratura, Grupo Barrashopping and Emilce and Giane along with their friends. All brought great joy to the children. We hope to see you again soon, the children love all of you!

They brought presents for the children and an urgently needed supply of nappies as well as other essential items. Stocks will last for at least another month.

It costs nearly £100,000 a year to run Task Brasil Trust projects. We very much need your help to secure the future of all programs which we currently run  
**ALL DONATIONS ARE GRATEFULLY RECEIVED**

www.thames-water.com

On 16th December, Casa Jimmy hosted its Xmas Party. Staff and their families joined Casa Jimmy's adolescents and children to celebrate the festive season.

**VOLUNTEERS & UK PLACEMENTS IN BRAZIL**

Rosa and Dias Alexdodd

Task Brasil receives amazing support with the Children's activities from many local and British volunteers.

UK volunteer, Julia Sauma, who is Brazilian but educated in England, gave swimming lessons at Casa Jimmy and joined in with taking care of the children during her placement in September 2000.

Tristan McCowan, a teacher in England, who made excellent progress with the children last year, returned in January to continue giving music lessons and educational support to children at Casa Jimmy as well as those attending the Street Approach Project. Rosa Dias, volunteer in the UK since 1994, has given much needed extra lessons to the children enabling them to catch up with their year group at school and teaching computer basics to the adolescents at Casa Jimmy.

In April 2001, Casa Jimmy will welcome UK volunteer, Nina Baruch. Christine Stevenson, an English professional based in Brazil, plans to give English lessons every Saturday to the children at Casa Jimmy.

**DAIANA BACK IN SCHOOL**

We are delighted that Daiana (13), whom Project Daiana is named after, has frequently returned to visit and stay at Casa Jimmy as well as enjoyed most of the festive occasions of recent months. She is a sweet and very mature girl for her age. Unfortunately, last year, due to family problems Daiana run away from home for few days and stopped attending school. Consequently she failed the 5th grade in 2000.

Daiana and Tina Yee

Daiana's aunt has already enrolled her in schools this year and Ligia, to stimulate her to carry on studying, took her out to buy her school materials. Daiana was thrilled to be able to choose things she liked. We hope she will be a good student this year!

Task Brasil has helped Daiana's family with house improvement and food supplies.

**TBT RIO WELCOMES TBT LONDON**

Lady Charlotte at the District Project

Trustee, Lady Charlotte Petsopoulos visited Task Brasil projects once again and attended events in Rio in benefit of the charity during Nov 2000.

Trustee, Jimena Gomez-Paratcha was also in Brazil visiting Casa Jimmy in January 2001 for the occasion of Rock in Rio concert and to visit the projects.

Trustee, Ligia da Silva was able to be in Brazil on a number of occasions. She organised and attended fundraising events and welcomed visits from our most important donors and supporters.

UK based Office Administrator and General Assistant, Alex Todd, was delighted to be given the opportunity, by British Airways, to visit Casa Jimmy in January.

**JOINING TBT'S TASK FORCE**

Rodrigues teaching Tami how to plant

Rodrigues has worked for Task Brasil since 1998. Casa Jimmy now welcomes him as live-in caretaker of the house. He is a multi-skilled and an invaluable employee who never tires of

being constantly available to all at Casa Jimmy. Rodrigues has also started a planting and gardening workshop, the children are most excited about the prospect of harvesting their own vegetable.

**STREET APPROACH**

Outreach Worker, Rosane, continues to run the Street Approach programme on a daily basis. She has become a familiar and trusted face to children living on the streets and is always ready to assist with any immediate need, be it medical or legal.

Daiana Marta is an example of how the children involved in the programme have been helped. Daiana was found pregnant and living on the streets. Her husband was taken in to prison for drug taking and theft. With no one to help her Daiana was forced to steal in order to survive. The Street Approach project found Daiana and talked through her problems; as a result outreach workers made contact with her brother-in-law and his family. After many conversations with her mother-in-law it was agreed that Daiana would live in a room in the house with her baby. In later months, Task Brasil returned to review the situation with the family. A separate small house was built at the end of the garden for Daiana and her baby to live in. Daiana was enrolled in a handicraft course and has learnt to make dolls and rugs in order to make an independent living.

Fericio and Tristan

In recent months British volunteer, Tristan McCowan has assisted with the Street Approach project and his excellent music teaching skills have enabled him to reach out to many teenage street children. In February, musician, Gui Tavares will be joining the project to teach and rehearse for a music performance in April or May 2001.

**JEWELLERY WORKSHOP**

Casa Jimmy's teenage pregnant girls and mothers enjoy craft workshops given by educator Cristina. The girls benefit directly

from the proceeds of the sale of jewellery either locally or at fundraising events. The workshop teaches the girls how to manage money and finances to their best advantage; it helps them learn to work together, improves their social skills and builds up their self-esteem.

## News from the UK

### TASK BRASIL IN THE USA

Last year, BA Runners, British Airways staff who volunteer to help children around the world, chose Task Brasil as the project to be filmed by Tina Yee of Oxygen Cable and Internet TV/USA (www.oxygen.com). The documentary of the BA Runners work will be shown throughout the US and possibly on BA in-flight videos. Whilst at Casa Jimmy, Oxygen decided to produce another documentary on Task Brasil's work and projects.

Over 5 days BA Runners were interviewed for filming. Sharon, one of the BA Runners, is the star of the BA's documentary. Her story highlights the aid that BA gives to Task Brasil and other 5 projects in Rio.

The filming of TBT's documentary included Ligia, Task Brasil's team, the children and a visit to Fabricio's family home in Anchieta, Rio's suburbs. Fabricio, who previously stayed at Casa Jimmy, proves that with the right attention and help from Casa Jimmy children who have been found living on the streets can be returned to their family. To end the BA visit, Casa Jimmy was thrilled to host a fantastic children's party for five other local institutions who are supported by BA Runners in Brazil.

### BA RUNNERS AMAZING HELP AND SUPPORT

On visiting Casa Jimmy, Geoff Want, General Manager Operations Control for British Airways, pledged his support with a donation of £1,000 towards Task Brasil Trust's educational projects. British Airways also provides 5 free return flights a year for Task Brasil's to Brazil. In addition, BA has raised £9,000 for Task Brasil as follows:

- £7,000 – last year; Remo Grasso who is the co-ordinator for BA Runners Brazil, applied for

a grant from BA's charity fund. We are thrilled and very grateful that he managed to secure the top donation for Task Brasil.

Remo has been a great asset to Task Brasil. He has been extremely dedicated in helping children's charities around the world, especially in Brazil. Remo will run the London Marathon 2001 for TBT along with Beth Harris who is also a BA Runner. We would like to wish both of you the best of luck.

- £2000 - British Airways Passion Wave. Dozen's of charities benefited from an innovative British Airways customer service initiative. Passengers who travelled on 13th November 2000 were given passion heart stickers to award company staff. For every heart awarded the airline agreed to make a financial donation to a series of local charities that were nominated by staff, one of which is Task Brasil Trust.

Trustee, Lady Charlotte Petsopoulos received the cheque for £2,000 from British Airways on February 14th 2001.

BA Runners carry on with their great work with children living at Casa Jimmy and 5 other shelters in Brazil, giving them lots of love and attention. The UK coordinators, Julie Shorter and Sarah Monger, accompanied the Runners trip in November. They showed immense care for all the children and organised a Funday party for 100 children from the projects.

### USA REGISTRATION

Our patron, Mary Countess of Bessborough has kindly donated \$2,000 towards the costs of registering Task Brasil Trust as a non-profit corporation in the US. This means US taxpayers will be more encouraged to donate as their donations can be written off against their tax bills.

### CAPTAIN ROGER TURNER

Whilst in Rio, Ligia and Charlotte met British Naval Attaché, Captain Roger Turner, on various occasions. He was his usual

indefatigable self, always ready to help and guide TBT with the advancement of projects. Without Capt. Turner, many things would not have been achieved: the transporting of donated toys, clothes and equipment for the street children on British Naval ships to Rio; introduction to donors and sponsors in Brazil, including co-hosting the fundraising cocktail party in Brazil; and finally organising British navy crews to assist with on going decorating and maintenance work to Casa Jimmy and its grounds.

### HMS LEEDS CASTLE GOES TO RIO AND ONE OF ITS CREW WILL RUN THE LONDON MARATHON

In February, Lt. P. I. Barnes of HMS Leeds Castle kindly offered to ship donations of urgently needed equipment such as; computers, clothing, bedding and educational toys to Task Brasil's projects in Rio. BA Runners kindly supplied many of the needed stuff.

We are delighted that Mathew McLatchie of HMS Leeds Castle will run the London Marathon for Task Brasil. Good Luck Mathew!

### FUNDRAISING EVENTS

#### • EXPOSICAO: EXHIBITION

Throughout December, works kindly donated by seventeen contemporary Brazilian and British artists enlivened the walls of Soho's Café Latino. The Exposicao: Exhibition brought together a range of paintings, photographs and installations to raise money for Task Brasil Trust.

The rich diversity of exhibits gave an insight into both British and Brazilian culture, including photographs of Brazil's children by Suzette Freeman; an installation inspired by the Andean Nazca lines by Anna Gray; contrasted by Cat on Cornish Beach by Royal Academician Mary Fedden, to name a few.

The Private View Party to celebrate Exposicao: Exhibition was a huge success with buyers bidding up to £420 for the figurative work of painter, Mark Pearson. The sale of work together with donations raised over £1,900.

Sponsored by Exotica knickers  
(www.exotica.co.uk)

### • MUQUECA XMAS PARTY 2000

A chilly December evening was warmed by a marvellous concoction of Anglo-Brazilian Christmas celebrations at Muqueca's monthly club venue, Madame Jo Jo's. The evening provided an endless array of food, entertainment and raffle prizes.

Guests enjoyed authentic Brazilian cuisine from Brazilian Touch Café and genuine Baiana, Gilzete in traditional Candomble dress. Capoeira Amazonas gave an expert demonstration of the Afro-Brazilian martial art. A samba workshop from world-class dance teacher, Kerry Ribchester was followed by a glamorous routine from professional dancer Rosana. We were honoured to receive a superb performance from DA-LATA, one of the UK's most up and coming Anglo-Brazilian bands. The musical energy created by the group inspired a spectacular spontaneous Roda from Capoeira Amazonas. Dancing continued with Brazilian tracks from famed Latin DJ, Patrick Forge of Kiss FM and resident Muqueca DJ Bobbi Pox.

The raffle of prizes, all of which were donated, sold incredibly well. Paulo Capistrano won the dream prize of a return trip to Rio, kindly given by Varig airlines. Other prizes included a flying lesson with British Airways, a

return P&O Ferries Dover-Calais ferry-crossing, a meal for two at Rodizio Rico and a full beauty treatment with Hair Brazil. The evening raised nearly £1,800.

### • MUQUECA!

Due to the tremendous success of the club night in aid of TBT, organised by volunteer, Daniel Radclyffe, MUQUECA! will continue to take place on the first Tuesday of every month at Madame Jo Jo's in 2001. So far MUQUECA! has raised over £1,500 (excluding the Christmas Party.) There are plans to make it a fortnightly occasion later in the year.

### • WONDERFUL WARDROBE AT THE EXCHANGE BELGRAVIA

The UK office was delighted to receive a donation of an entire wardrobe of second-hand women's designer clothes. Though not so suitable for the girls of Casa Jimmy the clothes have now found a home at designer dress agency, The Exchange Belgravia, a fundraising wing of the National Kidney Research Fund that is kindly selling the clothes on behalf of Task Brasil Trust. So far over £750 has been made.

### APPEAL & SPECIAL DONOR THANKS (Sep-Jan 2001)

We would like to express our enormous thanks to all the companies and individuals who have supported us. Unfortunately there is not enough space to mention everyone but please be assured that, whatever size your donation or the help you gave may be, it is thanks to all of you that Casa Jimmy is housing all those smiling faces!

### 500 SPONSORS APPEAL

Since the 500-year anniversary of Europe's encounter with Brazil in 2000, we have made it our aim to find 500 European Sponsors. We desperately need to guarantee regular donations in order to secure the help given to all the children, adolescents and babies in Task Brasil's

care. For this reason the on-going commitment to Sponsor a Child, no matter how large or small the donation, is enormously appreciated.

By becoming a Sponsor of Task Brasil you will receive reports on your child's progress, which illustrates how every donation you make is helping to improve the life of a child who was once left to survive on the streets of Brazil. Current sponsors have sent letters and presents to the children, giving them the reassurance that they are cared for across the world.

Please find enclosed with this newsletter a form to fill in, which will enable you to become a personal friend of those at Casa Jimmy.

Any donation you can make is greatly appreciated. We hope you will choose to support Task Brasil Trust if you are not yet part

of our team.

**PLANS FOR THE FUTURE**

Task Brasil's present work in Rio de Janeiro requires further expansion to meet the needs of the street children and adolescents. In the future we hope to raise funds to care for 10 extra babies at Casa Jimmy, provide a separate hostel for pregnant girls and adolescents and run an overnight shelter and Day-centre for children still living in the streets.
